Description of formations encountered must be provided for all

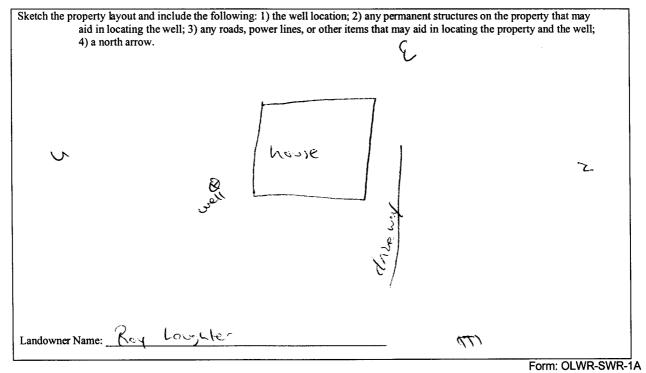

wells and boreholes, unless specifically exempted by regulations

The sketch below only required for water wells

If well telescopes,	show	depths	on	<u>sketch</u> .	
Ground Level		_			

nd Level	Description of Formations Encountered	From (depth)	Fo (depth)
K	- clay dirt	Ground Level	30
	white soud	36	65
	white clay	65	75
	white sand	75	140
	· · · · · · · · · · · · · · · · · · ·		
	······································		
		-	
			ļ

If more than one screen, show location of each on sketch

I certify that the well/borehole was drilled, constructed, and completed in accordance with all applicable requirements of the Mississippi Department of Environmental Quality and the Mississippi Department of Health regulations, if applicable, and state laws.
