| real good sand                                                        | 262                    | 282           |
| good sand                                                             | 282                    | 288           |
| clay                                                                  | 288                    | 322           |
| good sand                                                             | 322                    | 363           |
| sand                                                                  | 363                    | 367           |

Information upon completion of well:

(1) Diameter 2 inches.

(2) Total Depth 367 feet.

(3) Water Level 17' feet below top of ground.

(4) Cased to 367', Size 2"

(5) Screen: Size 8ga 55, Length 10'

(6) Were any formations sealed against pollution?  
X yes, \_\_\_\_\_ no.

CODED

If YES depth of formation \_\_\_\_\_

Why Health Dept. Permits.

Drillers Remarks: \_\_\_\_\_

Yield in gpm: \_\_\_\_\_

Size pump: \_\_\_\_\_

Type power: \_\_\_\_\_
