WELL SCHEDULE

Date Oct 2, 1956 Field No. _____
Record by E.H. Roswell Office No. N26
Source of data sat on well

1. Location: State Miss County Hinds
Map County
SW 1/4 SE 1/4 sec. 9 T. 5 N. 1 R. 1 (E) (W)

2. Owner: General Elec. Co Address Jackson Miss
Tenant _____ Address _____
Driller Head, Lagna Central Address Jackson Miss

3. Topography Terrace

4. Elevation 278.5 ft. above msl below _____
1/6 E layout map
(Ground)

5. Type: Dug drilled driven, bored, jetted Oct 19 56

6. Depth: Rept. 748 1/2 ft. Meas. _____ ft.

7. Casing: Diam. 12 in., to 8 in., Type _____
Depth _____ ft., Finish 63(?) x 8" screen
grovel wall

8. Chief Aquifer Spartan From 66 ft. to 748 ft.
Others Cockfield 295-300 / Spartan 505-525

9. Water level: 140 ft. rept Oct 19 56 above below
meas. _____ which is _____ ft. above below surface

10. Pump: Type Turbine Capacity _____ G. M.

Power: Kind Elec. Horsepower 50

11. Yield: Flow _____ G. M., Pump * _____ G. M., Meas., Rept. Est.

Drawdown _____ ft. after _____ hours pumping _____ G. M.

12. Use: Dom., Stock, PS., RR. Ind, Irr., Obs. mostly for cooking
Adequacy, permanence present use about 1000,000 gal

13. Quality _____ Temp. 71 °F.

Taste, odor, color _____ Sample Yes No

Unfit for _____

14. Remarks: (Log, Analyses, etc.) * 500 gpm guarantee
samples collected 6/10/57 Well in use
steadily 16 hrs. / day

Pump found 42" above ground.
