Form: OLWR-SWR-1A (4/13)

County: _	
Permit #:	

F	or Office Use Only:
Well #:	E10

The sketch below only required for water wells

If well telescopes, show depths on sketch.

Ground Level

Description of formations encountered must be provided for all wells and boreholes, unless specifically exempted by regulations

Description of Formations Encountered	From (depth)	To (depth)
Clay	Ground level	110
sard + gravel blue chy	110	195
blue chy	195	200
/		
	1	
	······································	

Sketch the property layout and include the following:

If more than one screen, show location of each on sketch

1) the well location

2) any permanent structures on the property that may aid in locating the well

3) any roads, power lines, or other items that may aid in locating the property and the well

4) north arrow

Rivers Landowner Name:

I HEREBY CERTIFY that the well/borehole was drilled, constructed, and completed in accordance with all applicable requirements of the Mississippi Department of Environmental Quality and the Mississippi Department of Health regulations, if applicable, and state laws.
