Information upon completion of well:

(1) Diameter 2 inches.

(2) Total Depth 336 feet.

(3) Water Level 63 feet below top of ground.

(4) Cased to _____, Size _____.

(5) Screen: Size 007, Length 20.

(6) Were any formations sealed against pollution?
_____ yes, no.

3HP air unit

If YES depth of formation _____

Why _____

Drillers Remarks: _____

(Use Back Side)

Well No.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions.

2. It is essential to ensure that all entries are supported by appropriate documentation.

3. Regular audits should be conducted to verify the accuracy of the records.

4. The second part of the document outlines the procedures for handling discrepancies.

5. Any errors identified during the audit process should be promptly investigated.

6. The third part of the document provides guidelines for the reporting of findings.

7. Reports should be prepared in a clear and concise manner, highlighting key issues.

8. The final part of the document discusses the role of management in ensuring compliance.

9. Management should establish a strong control environment to prevent future errors.

10. The document concludes with a summary of the key points discussed.

11. It is hoped that these guidelines will assist in the effective management of financial records.

12. The document is intended to serve as a reference for all staff involved in the accounting process.

13. The fourth part of the document details the specific steps for conducting an internal audit.

14. This includes the selection of audit areas and the assignment of audit team members.

15. The fifth part of the document describes the methods used to collect and analyze data.

16. These methods are designed to ensure the reliability and validity of the audit findings.

17. The sixth part of the document discusses the reporting requirements for internal audits.

18. Reports should be submitted to the audit committee and management in a timely manner.

19. The seventh part of the document outlines the follow-up actions required to address identified issues.

20. Management should implement corrective actions to prevent the recurrence of similar issues.

21. The eighth part of the document discusses the importance of continuous improvement in the audit process.

22. Regular reviews and updates to the audit procedures are necessary to ensure their effectiveness.
