

Date: 3-28, 1966, Driller: J.P. Chambers County, Madison  
3-28-66 (Name)

(1) Owner of Land: Eugene Bonster  
(Name)  
Camden Miss  
(Address)  
(2) Location: 1/4, 1/4, Sec. T R  
5 miles SW of Camden  
(distance) (direction) (Nearest Town)  
(3) Topography: X  
(Hilly) (Flat) (Level)  
(4) Purpose of Well: Domestic  
(Domestic Irrigation  
Municipal, Industrial, Other)

Description & Color of Materials Sand, Clay, Red Clay, Shell, etc.	Thick- ness Feet	Depth Feet
Red Clay	20	
Water Sand	20	
Black dirt	30	
White sand	21	
		91

Information upon completion of well:

(1) Diameter 2 inches.  
(2) Total Depth 91 feet.  
(3) Water Level 25' feet below top of ground.  
(4) Cased to 84, Size 2  
(5) Screen: Size 1/4, Length 6ft  
(6) Were any formations sealed against pollution?  
yes, X no.

If YES depth of formation \_\_\_\_\_  
Why \_\_\_\_\_  
Drillers Remarks: 600 gal per hr

(Use Back Side)

Well No.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities.

2. It then outlines the various methods and techniques used to collect and analyze data, including surveys, interviews, and focus groups.

3. The document also describes the process of identifying and defining research objectives and hypotheses, as well as the selection of appropriate samples and data sources.

4. Finally, it discusses the importance of ethical considerations in research, including the need to obtain informed consent and to protect the privacy and confidentiality of participants.

5. The document concludes by emphasizing the need for transparency and accountability in the research process, and the importance of sharing findings and results with the broader community.

6. It also highlights the role of technology in modern research, particularly in the areas of data collection, analysis, and visualization.

7. The document further explores the challenges and limitations of research, such as the potential for bias and the difficulty of generalizing findings from a specific sample to a larger population.

8. It also discusses the importance of interdisciplinary collaboration and the integration of different perspectives and methods in the research process.

9. The document concludes by emphasizing the need for ongoing evaluation and reflection on the research process, and the importance of adapting to new challenges and opportunities.

10. Finally, it highlights the role of research in advancing knowledge and understanding, and the importance of using research findings to inform policy and practice.

11. The document also discusses the importance of communication and dissemination of research findings, and the need to make research accessible and understandable to a wide range of audiences.

12. It concludes by emphasizing the need for a commitment to excellence and integrity in research, and the importance of striving for the highest standards of quality and rigor.

13. The document also discusses the importance of mentorship and supervision in the research process, and the need to provide support and guidance to students and junior researchers.

14. Finally, it highlights the role of research in addressing some of the most pressing challenges and issues of our time, and the importance of using research to make a positive impact on the world.
