## The sketch below only required for water wells

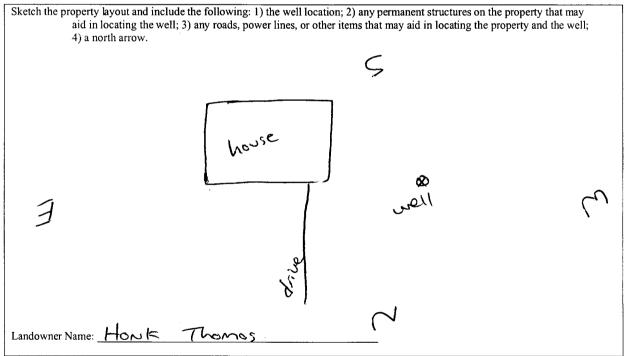

If well telescopes, show depths on sketch. Ground Level\_

Description of formations encountered must be provided for all wells and boreholes, unless specifically exempted by regulations

| Description of Formations Encountered | From (depth) | To (depth) |
|---------------------------------------|--------------|------------|
| clay dirt                             | Ground Level | 18         |
| red sound                             | 18           | 25         |
| white sound                           | 25           | 140        |
