The sketch below only required for water wells

If well telescopes,	show	depths	on	sketch.
Ground Level.		7		

Description of formations encountered must be provided for all wells and boreholes, unless specifically exempted by regulations

Description of Formations Encountered	From (depth)	Fo (depth)
clay dirt	Ground Level	5
ind sand	5	30
icd said	30	45
greet	45	50
while clay	50	85
white said	85	138

If more than one screen, show location of each on sketch

I certify that the well/borehole was drilled, constructed, and completed in accordance with all applicable requirements of the Mississippi Department of Environmental Quality and the Mississippi Department of Health regulations, if applicable, and state laws.
