The sketch below only required for water wells

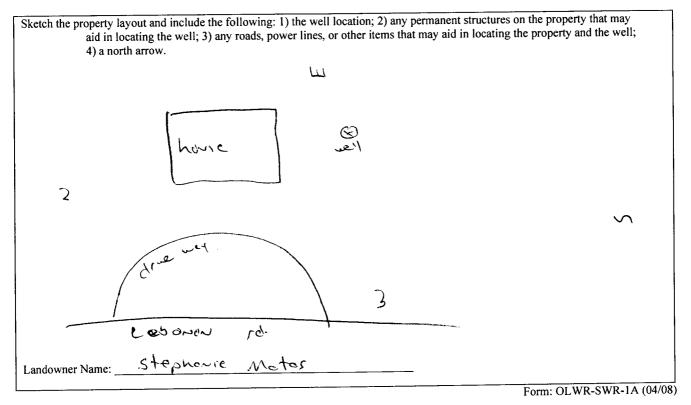

Description of formations encountered must be provided for all	
wells and boreholes, unless specifically exempted by regulations	

Description of Formations Encountered	From (depth)	To (depth)
clay dirt	Ground Level	12
grey soud	12	50
Block cley	50	95
Rock	95	96
Black clay	96	160
Acete	160	165
Black Clay	161-	300
Pocta	300	305
Block cley	305	680
white source	6.80	230
	-	1
		+
		+
		+
	_ <u> </u>	<u> </u>

If more than one screen, show location of each on sketch

I certify that the well/borehole was drilled, constructed, and completed in accordance with all applicable requirements of the Mississippi Department of Environmental Quality and the Mississippi Department of Health regulations, if applicable, and state RECEIVED
