(5) Screen: Size 4", Length 10'

(6) Were any formations sealed against pollution?

yes, no.

If YES depth of formation

Why

Drillers Remarks:

Yield in gpm: 8

Size pump: 1 HP. JET

Type power: ELECTRIC

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements.

2. The second part of the document outlines the various methods used to collect and analyze data. It includes a detailed description of the sampling process and the statistical techniques employed to interpret the results.

3. The third part of the document provides a comprehensive overview of the findings. It highlights the key trends and patterns observed in the data, as well as the implications of these findings for the organization's overall performance.

4. The fourth part of the document discusses the limitations of the study and suggests areas for future research. It acknowledges that while the current study provides valuable insights, there are still several factors that could influence the results and that further investigation is needed to address these issues.

5. The fifth part of the document concludes with a summary of the main points and a final statement on the significance of the research. It reiterates the importance of the findings and the need for continued attention to the issues discussed in the document.
