(2) Total Depth 158' feet.  
(3) Water Level 100' feet below top of ground.  
(4) Cased to 152, Size 4"  
(5) Screen: Size 4", Length 6'  
(6) Were any formations sealed against pollution?  
\_\_\_\_\_ yes, \_\_\_\_\_ no.

If YES depth of formation \_\_\_\_\_  
Why \_\_\_\_\_

Drillers Remarks:  
Cut into rock 8"  
didn't cut through  
pointed on top of rock

Well No. 24

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income.

The second part of the document provides a detailed breakdown of the accounting cycle. It outlines the ten steps involved in the process, from identifying the accounting entity to preparing financial statements. Each step is explained in detail, with examples provided to illustrate the concepts.

The third part of the document discusses the various types of accounts used in accounting. It categorizes accounts into assets, liabilities, equity, revenue, and expense accounts. It also explains how these accounts are used to record transactions and how they are balanced at the end of each period.

The fourth part of the document discusses the importance of adjusting entries. It explains how these entries are used to ensure that the financial statements reflect the true financial position of the company at the end of the period. Examples are provided to show how adjusting entries are recorded and how they affect the accounts.

The fifth part of the document discusses the preparation of financial statements. It outlines the steps involved in preparing the balance sheet, income statement, and statement of owner's equity. It also discusses the importance of providing a clear and concise explanation of the financial results.

The sixth part of the document discusses the importance of internal controls. It explains how these controls are used to prevent and detect errors and fraud. It also discusses the various types of internal controls that can be implemented in a business.

The seventh part of the document discusses the importance of ethics in accounting. It explains how accountants are expected to act in a fair and honest manner and to follow the principles of professional conduct. It also discusses the consequences of unethical behavior.

The eighth part of the document discusses the importance of communication in accounting. It explains how accountants must be able to communicate effectively with their clients and colleagues. It also discusses the various ways in which accountants can improve their communication skills.

The ninth part of the document discusses the importance of technology in accounting. It explains how the use of accounting software can improve the efficiency and accuracy of the accounting process. It also discusses the various types of accounting software that are available.

The tenth part of the document discusses the importance of continuing education in accounting. It explains how accountants must stay up-to-date on the latest developments in the field. It also discusses the various ways in which accountants can pursue continuing education.
