**Re: Liberty Road Trailer Park
PWS ID: MS0550050**

Dear Ms. Royals:

We have disconnected our 45 year old water supply (which actually tastes better) at our above location and hooked to the Pearl River Utility Authority's system. They have inspected the tie in and approved same. I have enclosed copy of our deposit for their tap fee & hook up fee for your records.

Being there is no need for our PWS ID # we are respectfully returning it to the MSDH for dissolution of it. All further inspections will be on the Pearl River Utility Authority as our new supplier of water.

We appreciate the service the MSDH has provided us over the last 45 years, as we move forward to stay in compliance with our changing world bettering our County, State and Nation.

Respectfully,

A handwritten signature in black ink, appearing to read "Mark Gibson".
