(Use Back Side)

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping, including the need to maintain original documents and to keep copies of all records for a minimum of seven years. It also discusses the importance of ensuring that records are accessible and retrievable at all times.

3. The third part of the document discusses the role of the auditor in verifying the accuracy of the records. It emphasizes that the auditor must exercise due diligence and must be satisfied that the records are complete and accurate before issuing an audit opinion.

4. The fourth part of the document discusses the consequences of failing to maintain accurate records. It notes that failure to do so can result in the disqualification of the auditor and may also lead to the imposition of penalties under the relevant legislation.

5. The fifth part of the document discusses the importance of ongoing monitoring and review of the record-keeping process. It notes that the record-keeping process should be reviewed regularly to ensure that it remains effective and efficient.

6. The sixth part of the document discusses the importance of training and education for staff involved in record-keeping. It notes that staff should be trained in the correct procedures for record-keeping and should be kept up-to-date on any changes to the requirements.

7. The seventh part of the document discusses the importance of the record-keeping process in the context of the overall financial system. It notes that accurate records are essential for the proper functioning of the financial system and for the protection of the interests of the public.

8. The eighth part of the document discusses the importance of the record-keeping process in the context of the audit process. It notes that the record-keeping process is a key component of the audit process and that the auditor must be satisfied that the records are complete and accurate before issuing an audit opinion.

9. The ninth part of the document discusses the importance of the record-keeping process in the context of the financial system. It notes that accurate records are essential for the proper functioning of the financial system and for the protection of the interests of the public.

10. The tenth part of the document discusses the importance of the record-keeping process in the context of the audit process. It notes that the record-keeping process is a key component of the audit process and that the auditor must be satisfied that the records are complete and accurate before issuing an audit opinion.
