WATER WELL DRILLERS LOG

**CODED** 7/16/65  
367

Date: April 12, 1957, Driller: Layne-Central Company County Sunflower

(Name)

(1) Owner of Land: Brooks Farming Company  
(Name)  
Drew, Mississippi  
(Address)

(2) Location: 1/4, 1/4, Sec. 1 T<sup>22</sup>R<sup>3</sup>  
6 miles east of Drew  
(distance) (direction) (Nearest Town)

(3) Topography: flat  
(Hilly) (Flat) (Level)

(4) Purpose of Well: irrigation  
(Domestic Irrigation  
Municipal, Industrial, Other)

Description & Color of Materials Sand, Clay, Red Clay, Shell, etc.	Thick- ness Feet	Depth Feet
Clay	12	12
Fine sand	26	38
Coarse sand	7	45
Coarse sand & pea gravel	50	95
Fine sand	9	104
Coarse sand & pea gravel	12	116

Information upon completion of well:

- (1) Diameter 18x12 inches.
- (2) Total Depth 116 feet.
- (3) Water Level 16 feet below top of ground.
- (4) Cased to 60'1", Size 18"  
4'11" Blank, 12"
- (5) Screen: Size 12", Length 50'  
1' of 18" x 12" swage
- (6) Were any formations sealed against pollution?  
yes, no no.

If YES depth of formation \_\_\_\_\_

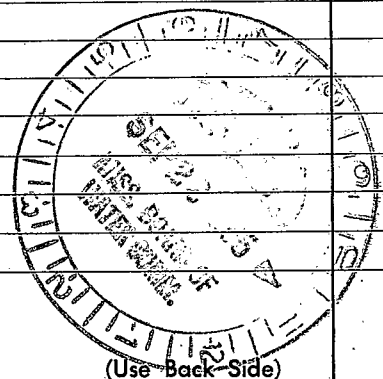

Why \_\_\_\_\_

Drillers Remarks: \_\_\_\_\_

2500 GPM.

Engine drive.

**CODED**

Well No.

(Use Back-Side)

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for a systematic approach to data collection and the importance of using reliable and valid measurement instruments.

3. The third part of the document discusses the ethical considerations that must be taken into account when conducting research. It stresses the importance of obtaining informed consent from participants and ensuring that their privacy and confidentiality are protected throughout the study.

4. The fourth part of the document describes the various methods used to analyze and interpret the data. It discusses both qualitative and quantitative approaches and the importance of using appropriate statistical techniques to draw valid conclusions from the data.

5. The fifth part of the document discusses the importance of reporting the results of the research in a clear and concise manner. It emphasizes the need to provide a detailed and accurate account of the findings and to discuss their implications for practice and policy.

6. The sixth part of the document discusses the various challenges and limitations that may be encountered during the research process. It highlights the need for careful planning and attention to detail to ensure the highest quality of research results.

7. The seventh part of the document discusses the importance of ongoing evaluation and monitoring of the research process. It emphasizes the need to regularly assess the progress of the study and to make adjustments as needed to ensure that the research remains on track and achieves its intended goals.

8. The eighth part of the document discusses the various ways in which research findings can be disseminated and shared with the relevant stakeholders. It highlights the importance of using appropriate channels and formats to ensure that the research is accessible and understandable to all interested parties.

9. The ninth part of the document discusses the various ways in which research can be used to inform practice and policy. It emphasizes the need for a strong link between research and practice and the importance of using research findings to guide decision-making and improve outcomes.

10. The tenth part of the document discusses the various ways in which research can be used to advance the field of study. It highlights the importance of ongoing research and the need to build on existing knowledge to make new discoveries and contribute to the advancement of the field.

11. The eleventh part of the document discusses the various ways in which research can be used to address social and environmental issues. It emphasizes the need for a holistic and interdisciplinary approach to research and the importance of using research to inform policy and practice in these areas.

12. The twelfth part of the document discusses the various ways in which research can be used to improve the quality of life for individuals and communities. It emphasizes the need for a focus on human well-being and the importance of using research to identify and address the needs and challenges of different groups of people.

13. The thirteenth part of the document discusses the various ways in which research can be used to promote social justice and equality. It emphasizes the need for a focus on marginalized and vulnerable groups and the importance of using research to identify and address the barriers to their participation in society.
