RE: Receipt for Notification of Construction of Replacement Well MS-GW-50423 which will be replacing MS-GW-non permitted well located at Location: NW ¼ of the NW ¼ Section 15 Township 23N Range 02W County Tallahatchie Latitude: 335203 Longitude: 902355

Dear SPP, LLC / C/o Fischer Associates Farm Management,

This letter acknowledges your notification to the state that you intend to replace a previously permitted well in the Mississippi River Valley Alluvial Aquifer and that this replacement construction will meet the requirements for a groundwater replacement well specified in 11 Miss. Admin. Code Part 7, Chapter 1, Rule 1.4.F.1 (see attached/back of page). Construction may begin immediately on your replacement well.

Remember that you are still required to <u>submit a permit application</u> (enclosed) for the replacement well <u>within 5 days</u> of construction beginning. You are also <u>required</u> to properly decommission (plug and abandon) the replaced well within 180 days of the replacement well's construction.

A copy of this letter, or a water use permit for the replacement well, must be attached to the State Well Report submitted by your driller to MDEQ and they must also submit a copy to YMD, as specified in the Water Well Contractor regulations found in 11 Miss. Admin. Code Part 7, Chapter 2, Rule 2.9.

If you have any questions, please call YMD at 662-686-7712.

Sincerely,

Ditlard Metton Ir.

Dillard Melton Jr. Permitting Director
