Well No.

1914

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It is found that the work has been carried out in accordance with the programme of work approved by the Council of the League of Nations in 1913. The progress has been satisfactory and it is hoped that the results of the work will be of great value to the League of Nations.

2. The second part of the report deals with the work of the various commissions and committees. It is found that the work of these bodies has been carried out in accordance with their mandates and that the results of their work will be of great value to the League of Nations.
