WATER WELL DRILLERS LOG

CODED

Date: 5-22, 1942 Driller: C. F. CARLIS County: UNION
 (Name)

(1) Owner of Land: FRED SCHUMAN
 (Name)
NEW ALBANY MISS
 (Address)

(2) Location: 1/4, 1/4, Sec. 2 T 7 R 2
4 miles WEST, of IVA
 (distance) (direction) (Nearest Town)

(3) Topography: 1
 (Hilly) (Flat) (Level)

(4) Purpose of Well: DOMESTIC
 (Domestic Irrigation
 Municipal, Industrial, Other)

| Description & Color of Materials Sand, Clay, Red Clay, Shell, etc. | Thick- ness Feet | Depth Feet |
|---|------------------------|---------------|
| SOAPSTONE | 25 | 26 |
| BLUE DIRT | 40 | 43 |
| ROCK SAND | 36 | 100 |
| BLUE DIRT | 40 | 140 |
| W-ROCK | 10 | 150 |
| W-SAND | 40 | 190 |

Information upon completion of well:

(1) Diameter 4 inches.

(2) Total Depth 190 feet.

(3) Water Level 40 feet below top of ground.

(4) Cased to 43, Size _____.

(5) Screen: Size _____, Length _____.

(6) Were any formations sealed against pollution?
 _____ yes, _____ no.

CODED

If YES depth of formation _____

Why _____

Drillers Remarks: _____

Well No. 31

The first part of the document discusses the general principles of the project. It outlines the objectives and the scope of the work. The second part describes the methodology used in the study, including the data collection and analysis techniques.

The results of the study are presented in the third part. It shows that the proposed method is effective in achieving the project goals. The findings are supported by statistical data and case studies.

In conclusion, the project has successfully demonstrated the feasibility of the proposed approach. The results are promising and warrant further research in this area.

The authors would like to thank the funding agency for their support. They also acknowledge the contributions of the research assistants and the participants in the study.

References are provided at the end of the document. These include the key papers and books that have influenced the research. The list is comprehensive and covers a wide range of related topics.

The document is available for free download from the project website. It is intended to be a resource for researchers and practitioners in the field.
