The sketch below only required for water wells

If well telescopes, show depths on sketch.

Ground level

Description of formations encountered must be provided for all wells and boreholes, unless specifically exempted by regulations

Description of Formations Encountered	From (depth)	
clay	Ground level	25 ft
fine sand	25 ft	30 ft
med to course sand	30 ft	40 ft
fine to med sand	40 ft	50 ft
med sand	50 ft	80 ft
course sand & small p-gravel	80 ft	105ft
med to course sand	105 ft	110 ft
course sand & gravel	110 ft	120 ft
<u> </u>		
		· · · ·
, , , ,		

If more than one screen, show location of each on sketch

Sketch the property layout and include the following: 1) the well location; 2) any permanent structures on the property that may aid in locating the well; 3) any roads, power lines, or other items that may aid in locating the property and the well; 4) a north arrow.

Landowner Name: ken middeltone

Form: OLWR-SWR-1A (04/08)

I certify that the well/borehole was drilled, constructed, and completed in accordance with all applicable requirements of the Mississippi Department of Environmental Quality and the Mississippi Department of Health regulations, if applicable, and state taws. Charles M. Aichols 0667 10-2-12 Charles M. Walks
