Information upon completion of well:

(1) Diameter 2 inches.
(2) Total Depth 132 feet.
(3) Water Level 86 feet below top of ground.
(4) Cased to 105, Size 2"
(5) Screen: Size Open, Length _____
(6) Were any formations sealed against pollution?
Shale trap up
yes, no.
105 FT
If YES depth of formation _____

Why _____

Drillers Remarks: _____

(Use Back Side)

Well No.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for the company's financial health and for providing transparency to stakeholders. The text notes that without proper record-keeping, it would be difficult to track expenses and revenues, which could lead to significant financial discrepancies.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps involved in entering data into the accounting system, from identifying the source of the transaction to verifying the accuracy of the entries. The document stresses the need for consistency and attention to detail throughout this process.

3. The third part of the document addresses the role of the accounting department in ensuring the integrity of the financial records. It describes the various checks and balances in place to prevent errors and fraud. The text also highlights the importance of regular audits and reconciliations to identify and correct any issues as soon as possible.

4. The final part of the document provides a summary of the key points discussed and offers some concluding thoughts on the overall importance of financial record-keeping. It reiterates that this is not just a technical task, but a fundamental aspect of good business management that can have a significant impact on the company's long-term success.

5. In addition to the main body of text, there are several appendices included in the document. These provide further details on the accounting procedures and the specific software used for recording transactions. The appendices are designed to be helpful resources for anyone involved in the accounting process.

6. The document also includes a section on the legal requirements for financial record-keeping. It explains the various regulations that apply to the company and the consequences of non-compliance. This information is essential for ensuring that the company's financial practices are fully compliant with all applicable laws and regulations.

7. Finally, the document concludes with a list of references and a bibliography. These provide additional resources for those who wish to learn more about financial record-keeping and accounting practices. The references include books, articles, and online resources that are relevant to the topics discussed in the document.
