Soft Green Clay	85	89
Med. Hard Grey Clay	89	100
Trace of shale		
Soft grey clay, trace	100	124
of weathered sand + shale		
Med. Hard Clay	124	135
Shale, weathered sand		
Trace of clay in layers	135	209

Information upon completion of well:

(1) Diameter 2 inches.

(2) Total Depth 209 feet.

(3) Water Level 181 feet below top of ground.

(4) Cased to 126, Size 2

(5) Screen: Size Open, Length _____

(6) Were any formations sealed against pollution?
 yes, _____ no.

If YES depth of formation 2 shale
Why top of 126'

Drillers Remarks:

(Use Back Side)

Well No.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial operations.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the analysis and interpretation of the collected data. It discusses the various statistical and analytical tools used to identify trends, patterns, and anomalies in the data.

4. The fourth part of the document discusses the importance of communication and reporting in the context of data analysis. It emphasizes the need for clear and concise communication of findings to stakeholders and the importance of regular reporting.

5. The fifth part of the document discusses the challenges and limitations of data analysis. It highlights the need for careful consideration of the limitations of the data and the potential for bias and error in the analysis process.

6. The sixth part of the document discusses the future of data analysis and the role of emerging technologies. It highlights the potential of artificial intelligence, machine learning, and big data to revolutionize the field of data analysis.

7. The seventh part of the document discusses the importance of ethical considerations in data analysis. It emphasizes the need for transparency, accountability, and respect for privacy in the collection and use of data.

8. The eighth part of the document discusses the importance of ongoing education and training in the field of data analysis. It highlights the need for professionals to stay up-to-date on the latest developments and techniques in the field.

9. The ninth part of the document discusses the importance of collaboration and teamwork in data analysis. It emphasizes the need for professionals to work together to share knowledge, resources, and expertise to achieve the best results.

10. The tenth part of the document discusses the importance of continuous improvement in data analysis. It emphasizes the need for professionals to regularly evaluate and refine their processes and techniques to ensure the highest quality of their work.
