ACCESSIBILITY STATEMENT

This document is accessible in PDF format. It contains text that can be read naturally and be processed by text-to-speech and text-to-print technologies. The document is also accessible in HTML format, with all the rich media and interactivity that come with modern web technologies. The accessibility features include:

- Text-to-speech support
- Screen reader compatibility
- High contrast and color contrast options
- Keyboard navigable interface
- Alt tags for images
- captions for images

This document was designed with accessibility in mind to ensure that all users, regardless of their abilities, can access and understand the information it contains.
