The document contains a form titled "WELL SCHEDULE" from the U.S. DEPT. OF THE INTERIOR, GEOLOGICAL SURVEY, WATER RESOURCES DIVISION. It includes various sections such as the Master Card, Well Description Card, and Water Data Table. The form is filled with handwritten and printed data, including latitude, longitude, well number, owner's name, and various technical specifications about the well and its water characteristics. The form is structured with specific fields for data input, such as depth, casing, and water quality parameters. The document appears to be a record of a well, detailing its location, ownership, and various physical and chemical properties of the water it produces.
## Hydrogeologic Card

**Physiographic Province:**
- D: Depression
- E: Stream Channel
- F: Dunes
- H: Flat
- K: Hilltop
- L: Sink, Swamp
- Offshore, Pediment, Hillside, Terrace, Undulating, Valley Flat

**Drainage Basin:**
- 1:01

**Subbasin:**
- 20:3

**Section:**
- 20

**Latitude-longitude:**
- N: 01
- S: 3
- E: 10
- W: 3

**Major Aquifer:**
- System:
- Series:
- Aquifer, formation, group:

**Lithology:**
- Length of well open to:
- Depth to top of:
- Depth to:
- Thickness:

**Introduction:**
- Source of data:

**Depth to Consolidated Rock:**
- Source of data:

**Depth to Basement:**
- Source of data:

**Surface Material:**
- Characteristics:
