

9-185 July, 1918

DEPARTMENT OF THE INTERIOR
UNITED STATES GEOLOGICAL SURVEY
WATER RESOURCES BRANCH

Well Schedule

Date 4 well 8-19-11 1911 Field No. X 374
Record by Comptroller, C. K. Howell Sept 29 1919 Office No. 117

1. Location: State Miss County Waltham
75 yds N. of Southern R.R. depot
Another public well also drilled for the S.P. Co.

2. Owner Pinkwell Address Read up
Driller Wells for the school

3. Topography Top of hill

4. Altitude 41 ft. above Southern R.R.

5. Type: Drill drilled, driven, bored

6. Depth: 700 ft. Date 1911

7. Diameter: top 2 ft. bottom 2 ft.

8. Chief Aquifer Clayton formation
From 11 ft. to 320 ft. Others 60 320

9. Casing: Type 2 in pipe Depth 320 ft. Diam 2 ft.
Finish Pipe was cut off 3 ft. below surface

10. Water level 18 ft. above surface

11. Pump: Type Hand Capacity Other pumps
Power: Kind Hand Horsepower G.M.

12. Yield: Flow Non flow G. M., Pump G.M. Meas. Rept. G.M.
Drawdown ft.; pumping G.M.; time G.M.

13. Use: Dom., Stock, PS, RR, Ind., DW, Irr. Pinkwell
Adequacy, permanence Quantity

14. Quality: Good, fair, bad 0.00 Sample Yes No
Taste, odor, color Temp

Unfit for town
Sanitation One well was put down 1700 ft. bitum water

15. Cost: Well, \$ below 350; Plant (well, pump, power, etc.) \$ below 350

Operating, \$ per inc. inc.
